**Detailed Project Description and Justification:**

This request is a public safety and public health priority. The Tony Knowles Coastal Trail is utilized by residents from all over Anchorage. The trail has many access points, two of which, on Marston Drive and Pete's Place, are deteriorating. In addition, the Pete's Place access point is located in the road right-of-way for a future road construction. This grant would allow for the Pete's place access point to be re-located to Marston Park, and for the Marston Drive access pavement to be rehabilitated.

**Project Timeline:**

Relocation would begin in the summer of 2008.
